

Amazon Power Shake™

Pure Energy and Endurance from the Amazon

Wild Food for Increased Stamina, Strength and Endurance

It doesn't matter whether you have an active job, work out at the gym, participate in athletic events, or simply have a high energy lifestyle, the nutrients in **Amazon Power Shake™** support all phases of physical activity – from stamina levels to muscular strength and recovery...

It's a blast of whole food nutrition that nourishes and revitalizes many of your body's systems. Combining the rich bounty of the Amazon Rainforest with the time-honored powerfoods of the Andean Highlands, Amazon Power Shake™ offers enough raw resources to keep you satisfied and energized all day long.

Simply mix it with water, juice, or have it in a smoothie, and give your body the nutrition it craves!

maca root

Unleash Your Inner Power with Amazon Power Shake™

The key to Amazon Power Shake's™ effectiveness is in its unique formula, which combines some of the most popular botanicals of the Amazon & the Andes...

The nutrients found in **maca** support stamina and endurance, and facilitate increased strength and muscle tone.

Chuchuhuasi has been used for centuries by the tribes of the Amazon. Its name "chuchuhuasi" translates to "trembling back," a reference to the plant's long-standing use for muscle and joint stiffness.

There's also **kiwicha** - a staple food of the Andean Highlands - dating all the way back to the time of the Aztecs; making it a great base for this formula. Amazon Power Shake™ also includes **muira puama** - a commonly-used botanical from the Rainforest...as well as **suma root**, which has been used for ages by people of Amazonia as an adaptogen for energy and longevity.

"Using Amazon Power Shake™ first thing in the morning makes me feel strong and ready to face the day. Sometimes in the afternoon I use it before working out, and I absolutely love it! My performance during my workout is better, and I feel great afterward."

- Julia Stege, Sebastapol, California

"Amazon Power Shake™ gives me strength and endurance. It's a great energy boost in the afternoon."

- Dr. Tom Hennessey, Petersburg, Virginia
